

Lymm Angling Club Rules

****YOU MUST READ THE FOLLOWING RULES BEFORE VISITING ANY WATERS. YOU MUST KEEP YOUR MEMBERSHIP PERMIT WITH YOU AT ALL TIMES FAILURE TO DO SO WILL RESULT IN YOU BEING ASKED TO LEAVE THE WATER, NO EXCEPTIONS****

The rules governing members and other persons fishing waters or at club events are based on item 33 of the club constitution, which will apply to any situation not specifically covered by the rules below.

Item 33

All members and other persons taking part in any activity organised by the club must conduct themselves in a fair and sporting manner and must show consideration and respect for fish and other wildlife: crops, vegetation and animals, property, fellow anglers and other water users, local residents and landowners or any other persons.

Club rules must be scrupulously observed but in any other situation not covered specifically all persons will be expected to act responsibly. The advice or ruling of any club bailiff or official must be observed immediately, even if disagreed with. Any objection to such a ruling should be made to the Secretary in writing within seven days, for consideration by the Committee.

Members who are aware of infringements, which they are unable to prevent, are responsible for ensuring that these are reported to a club official. The Committee is empowered to take whatever action it deems appropriate against any offenders.

1. Any member fishing club waters or taking part in any activity organised by the club must carry with them a **current membership card**, and **current environment agency Rod Licence**. These must be produced at the request of any club official, bailiff, EA Official or other member on production of their card. All Environment Agency regulations and bylaws must be obeyed at all times on club waters. Cards and permits are not transferable: any member contravening this rule will be told to leave the water.

PLEASE NOTE: In exceptional circumstances the specific water rules may be changed during a membership year. These changes will be posted through the usual channels and on the “waters” noticeboard where applicable. Members should ensure they are aware of the specific water rules prior to fishing

2. All members (including juniors) are responsible for ensuring they are familiar with all club rules and any specific water rules before commencing fishing, which may apply. All members must accept the advice or ruling of any club official or bailiff, or any other member who draws their attention to any contravention of club rules. All tackle, bags, boxes, bivvies etc. and cars parked on club car parks shall be available for examination when requested by any club official or bailiff.

3. No person using any club waters shall cause or allow any damage to property, shrubs, trees, banks, fencing, crops, livestock, flora, or fauna. Nor may they remove or introduce any flora or fauna at club waters without the written permission from the Committee via the Secretary.

4. No person using the club's waters shall cause, or allow, any action, which causes offence or disturbance to another person whilst on club waters. The use of laser pens is prohibited on **ALL** club waters.

Lymm Angling Club Rules

5. No angler shall dispose of any litter, including surplus bait on club waters, car parks or adjoining land.
6. All anglers, especially long stay anglers, must ensure their toiletry requirements are catered for in a way that does not cause any offence or hygiene hazard to any other person/property. Bailiffs will ask what provisions have been made to comply with this rule, if provisions are not considered adequate enough: members will be asked to leave the water. **All foul waste must be bagged and removed by the member; failure to comply WILL result in a lifetime ban.**
7. Where available, all cars must be parked in authorised car parks or parking areas in a courteous manner. All vehicles are parked at the members own risk. Access to waters is via designated routes only.
8. The carriage of firearms or other weapons of any kind is banned on club waters (except where permission has been granted by the committee). The lighting of fires (including barbecues) or camping is not permitted on club waters, also members must not take dogs on club waters without the required permit. The only exceptions must be with the express written permission of the Committee, via the Secretary.
9. Non-prescribed behavioral changing substances, including alcohol, are banned on club waters. Anyone in possession of or affected by such substances whether or not consumed or administered on club managed sites will be deemed as being a breach of this rule. **This WILL result in a lifetime ban.**
10. Fishing is permitted from designated pegs only, apart from rivers and canals or where specified in water specific rules. Fishing is not allowed nearer than ten yards from another angler except on designated pegs, or by mutual agreement.
- 10a. On all waters the casting no more than half-way etiquette must be observed at all times, unless the bank opposite you is vacant of a permanent fishing peg.
11. With the exception of ALL canals where **three** baited rods can be used in accordance with the Environment Agency fishing rod licence regulations, no more than **two** baited rods may be in use or baited on any club waters (except where specific water rules allow). If two members are on a designated double peg they are each allowed the maximum permitted number of rods. (See specific water rules).
- 11a. You are not allowed to use a spomb to introduce bait unless it is used in conjunction with a 'spomb float' attachment.

Lymm Angling Club Rules

12. The retaining of fish in any form of net, container or retention system is allowed up to a maximum 15 mins to allow for self-takes or where live baiting and baitfish are being retained. The sacking of fish is forbidden on club waters.

Exception – Keepnets are permitted to be used for pleasure fishing on canals and rivers controlled by the Club and in official Club matches. All fish under 2lb must be kept in a separate keepnet from fish under 5lb. Barbel of any weight or any other fish of 5lb or above must be weighed and released immediately. No fish are to be kept longer than five hours and nets must be in a sufficient depth of water.

All nets and mats including landing nets, keepnets, unhooking mats and weighing slings must be completely dry prior to fishing. (There are occasions where members of the club will be granted to use a keepnet on any specific water, where the committee has given authority).

13. Anglers fishing club waters must observe any close season and restrictions imposed by the Committee in addition to those of any statutory authority. Currently the statutory regulations are: Coarse fish close season 15th March to 15th June inclusive and only apply to rivers, streams, etc. Trout fishing is allowed on all rivers but is restricted to methods permitted by any statutory authority.

14. Radios, DVD players or any other audio device, including mobile phone call rings, must not be audible to any other person. When using bite alarms and torches consideration must be shown to other anglers.

15. No person shall leave a rod or rods unattended with or without a bite alarm. All persons must, when fishing, be able to have sufficient control over their rods. Anglers are permitted up to 10 meters from their rods, as long as they are in possession of a bite alarm receiver.

The following are not only club rules, but also EA northwest byelaw rulings.

Any person who leaves a rod and line with its bait or hook in the water unattended or so that the person shall be unable at any time to take or exercise sufficient control over said rod and line shall be guilty of an offence.

When fishing with multiple rods and lines, rods must be placed such that the distance between the butts of the rods does not exceed three metres.

16. The use of boats, except those provided by the club is forbidden.

16a. The use of Bait boats is permitted on all waters except the following: **Serpentine Pool**

The fee for the use of a bait boat is a one-off payment, this includes a refundable amount of £25 upon leaving the club. The Bait Boat fee is included as part of the Gold Plus membership. Anglers using bait boats **MUST** under no circumstances enter the water to retrieve a lost or broken bait boat.

The club will retrieve any lost/disabled bait boats on any of our club waters at a cost of **£25**. This will obviously be at the earliest convenient time an official can attend. It is recommended that bait boats are used with a braided tethering line in case of boat power failure. Bait boats are to be used at the owner's risk, the club will not be held responsible for any damage or loss to any bait boat.

Lymm Angling Club Rules

17. Junior membership permit is open for children aged between 12 to 16 years old. All junior anglers on club waters must be accompanied by an adult of over 18 years of age, who will be responsible and answerable to the Committee for the safety and conduct of that junior. Subject to water specific rules Junior members can ONLY night fish whilst being accompanied by an adult of over 18 years of age.

Juniors aged 12 to 16 years old that hold a permit may night fish on the adjacent peg to a responsible adult over 18 years old, and that adult takes full responsibility for the junior members actions.

Senior members may take their spouse, partner and up to two children or grandchildren (under the age of 16 years old) with them, Junior members may take their parent/guardian, however, an online application form available here: <https://form.jotform.com/213497253558364>

The above MUST be completed prior to every visit and be available for inspection if requested by a club bailiff or official. This procedure carries no extra charge. They must also occupy the same peg. No one is permitted on any water/land owned or controlled by Lymm Angling Club without expressed written permission.

In addition to EA rod licence rules the following rod restrictions apply where water specific rules allow:

Member +1 = 3 rods dawn till dusk. Night 2 rods maximum.

Member +2 = 3 rods.

Member +3 = 3 rods.

18. No angler shall spend longer than 48 hours on any club water unless stated otherwise in the specific water rules, and that no angler shall return to the same venue they vacated within a 24-hour period.

Please refer to Specific water rules where seasonal changes allow longer stays and upto 3 rods usage.

During the period of 15th March to 15th June inclusive, only members with a valid over-stamp ticket will be allowed to fish the waters designated by the Committee each year to stay open for such members. All members are entitled to fish all waters from the 16th June (subject to special rules).

19. The club allows barbless/micro barbed hooks only (**No crimping down barbs**). Fishing leads and feeders must be fished to allow them to be discharged if snagged. The club allows the use of leader material, safe-zone or lead free preferred.

The OMC Magic Twig is banned on ALL club waters.

Lymm Angling Club Rules

20. The provision and appropriate use of unhooking mats is compulsory on **ALL** Lymm Angling Club waters, regardless of the species being targeted, **the club recommends walled mats or cradles of an appropriate size**. Fish care treatment must be carried by all members fishing for specimen fish. Any member fishing for specimen sized fish must carry a water receptacle as a refresh bucket to keep the fish wet at all times.

Minimum size landing net to be used for Specimen Catfish/Carp 42" and above. Minimum 15lbs line when fishing for Specimen Catfish/Carp.

ALL NETS, UNHOOKING MATS AND EQUIPMENT TO BE THOROUGHLY DRIED BEFORE TAKEN TO WATERS EDGE AND NO STINK BAGS TO BE AT THE WATERSIDE.

21. Bivvies are allowed provided they are purpose made for anglers or of a khaki or camouflage colouring, other forms of tents are not allowed. The modification of any peg or clearance of any area to accommodate bivvies is forbidden.

22. Live bait intended for use on club waters must be caught on the water intended for fishing. Only silver fish under 6 inches must be used for live baiting. When predator fishing semi-barbed treble hooks must be used.

23. During prolonged periods of extremely low temperatures that see waters freeze over, **UNDER NO CIRCUMSTANCES** shall any member break, or attempt to break the ice on **ANY** club water. Doing will result in that person facing disciplinary action.

24. Dogs on Club Waters. Only members issued with a current Lymm AC dog permit are allowed to take dogs on club waters. The only exceptions to this rule are canals and other public access waters such as Shakerley Mere. The club issue a limited number of dog permits each year at a cost of £5, and current holders of a dog permit are given preference at renewal. To apply for a dog permit, complete the application form:

<https://form.jotform.com/90320921551953>

Members must have third party liability insurance for their dog. You must upload a photo of the dog and proof of insurance cover. Dogs are **NOT** permitted on the following waters irrespective of whether or not you hold a current dog permit:

- Belmont Estate, Belmont Moat and Friars Pool
- Catchpenny Pool
- Founders Pool
- Micklewrights Flash
- Nunsmere immediate hotel grounds (dogs are allowed by the lake)
- Sparrow Grove, Tetton Flash
- Top Pool, Spring and New Pool
- Tabley Mere
- River Severn Poachers Field
- Any river section where livestock are present.

It is the member's responsibility to ensure the dog is always under control and on a lead. It is also the member's responsibility to ensure they clean up and remove any foul waste.

Lymm Angling Club Rules

25. Booking system

All bookable 24-hour night fishing slots are 10am till 10am next day, no arrival before 9.30am, no return within 48 hours. Anglers **MUST** have their lines out of the water by the end of their session. Anglers arriving can place a bucket on any swim to reserve for fishing.

Additional water specific rules also apply, see below, and venue notice boards. All waters should be assumed to be open unless otherwise stated on the clubs forum, social media and website www.lymmanglingclub.com

Lymm Angling Club Rules

Specific Water Rules

In addition to the club rules the following rules, specific to individual waters, must be adhered to. It is essential that on all waters you adhere to any on site notice/rules/instructions, which may be displayed on the notice board, or anywhere else on the site. It is your responsibility to ensure these are adhered to.

Pre-baiting

Due to the numbers of fish in our premier waters and their popularity to members. In order to maintain and improve water quality, pre-baiting is strictly prohibited on the following:

Top Pool
Spring Pool
Founders Pool
Belmont Pool
Serpentine Pool
Farm Pool
Micklewrights Flash
Wrinehill Pool
Woodside Pool
Lymm Vale
Tetton Flash
Sparrow Grove

Waters that are frequently fished do not need pre-baiting due to the amount of bait being introduced by members fishing these waters.

Also, consideration should be given to the amount of bait that is introduced during your angling session. Sometimes less is more!

Tabley Mere and Nunsmere use of watercraft Site Risk Assessment

While the club has compiled an extensive list of risks associated with the use of the punt on Tabley Mere and Nunsmere, this list is not exhaustive, and it is expected that all anglers and visitors should always carry out their own dynamic risk assessment before they carry out any activity.

Dynamic risk assessment *is the practice of mentally observing, assessing, and analysing an environment, to identify and remove risk. The process allows individuals to identify a hazard on the spot and make quick decisions regarding their own safety.*

Lymm Angling Club Rules

Site Risk Assessment		Level of Risk		
Subject	Description	High	Med	Low
Paths and banks	Only use designated pathways along the bank, be aware of slippery surfaces (slips, trips, and falls)			X
Weather conditions and lightning	When boat fishing the weather may change suddenly and cause unforeseen dangerous water conditions, always be alerted to changing weather, if lightning should occur, be aware you will be the highest point out in the water, with carbon rods being a good lightning conductor, please make your way to nearest safe area.		X	
Hooks	Sharp hooks can penetrate the skin, these can transmit germs etc. that can have serious affects to your health, caution should always be used when handling sharp hooks, either tying on, or removing from fish		X	
Trees	Fishing around or under trees can become unsafe in windy conditions, beware of falling branches.			X
Animals and Insects	Approach the mere with caution, be aware of ticks, stinging or biting insects with special relation to Lyme's disease.		X	
Weils disease	This is transmitted in rats urine, never put wet lines in your mouth, or any other of tackle that may have been near lake water. Wear waterproof plasters over cuts or abrasions to skin.			X
Platforms	These can be needed to gain access to deeper water, take extra care not to fall in, there could be a possibility of slippery surfaces, care is needed at all times.		X	
Boats and access	Boats constantly move, these can become more unstable while embarking/disembarking, invariably they can become wet and slippery, maximum caution is needed that you do not lose your balance and fall out of the boat.	X		
Other boat users	Be aware of other boat users, and their movement around the water, if in doubt, always give way to those moving/driftng around on boats			X
Falling into water	Falling into water may cause drowning. It is a requirement under the club's rules that every person in the boat MUST be wearing a correctly functioning life vest.		X	
Use of Power motors, leisure batteries	If using an electric motor to power the boat, be aware of the spinning/rotating propeller while in use, check the condition of connecting cables, and the integrity condition of the battery for any leaking of acid (splashes to skin, eyes etc.)			X
The need to call for help	It is recommended that all members carry a fully charged mobile phone on them at all times and have the relevant contact details stored in case of any emergency.			X
